

*Shanghai Stak Enterprise Co., Ltd*

**S**hanghai Stak Enterprise Co.,Ltd is professional supplier who can offer one-stop solution for your cutting room.

Established in 2005, we have our own tooling workshop and bristle block producing lines. Many famous cutter companies choose us as their direct supplier.

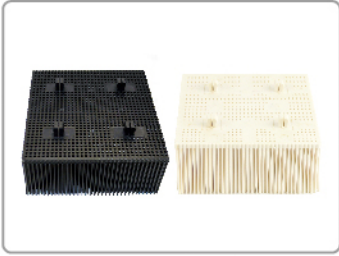

Due to client's request, we start to offer outsource service for other parts and products. As we have more than 18 years' experience in sewing and cutting industry, we cooperated with many good factories which have good quality and competitive prices. To offer better service for clients, we even invest some manufactures.

We can offer many kinds of products: bristle block, blades, grinding stones, other parts for auto cutting machines, straight knife cutting machine, spreading tables.....

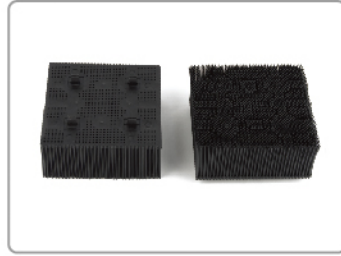

To offer clients good quality products with better price and better service, we never stop.
